Novice – Dance competitively for less than two years takes minimal classes. We expect to see these dancers still working on basic skills and techniques.

Intermediate – Dance competitively for 2-4 years and takes a moderate level of classes. These dancers are starting to master harder skills and are obtaining an improved understanding of genre, musicality, and technique.

Advanced – Dance competitively for 5 years plus and take a high number of classes per week. We expect these dancers to have a high skill level and a sound understanding of the genre and technical elements performed.

****IMPORTANT**** – It is at the judges’ discretion to move any routine that they feel is placed in a level below their ability to the higher level. All judges’ decisions are FINAL. If the judges determine that a routine should be moved to a different level, and that level has already competed, the routine will then be eligible for adjudication only.

- Once the tentative schedule is posted, routines may no longer change performance levels unless it is a technical error. Be careful with your level placements as you register, taking care to place your routines in the right level.
- Programs are left at their own sound judgment when entering routines and choosing performance levels.
- If you have any questions about routine level placements, please contact rebekah@thewinnerschoice.net

VIDEO AND PHOTOGRAPHY POLICY:

Commercial Recording

No commercial recording (audio or visual) or commercial live streaming is allowed in the event venue or other event related venues (including, but not limited to, hotels and restaurants) or on the grounds of any such venues (collectively, “Event Locations”). In the event a team authorizes the commercial recording or streaming in any Event Location, the team will be automatically disqualified. In addition, the personal, noncommercial use of live streaming apps (such as Periscope, Facebook Live, etc.) to capture all or any part of a performance during the event is not permitted.

Video Cameras and Flash Photography

Despite our staff’s best efforts, unauthorized videotaping and photo taking continue to be a severe problem. To improve this, we have adopted a more spectator-friendly position, but we need your help in making it work for everyone. We will allow family members to video and photograph their child’s or friend’s performance if it is done from their seat and in an unobtrusive or non-distracting manner. It is expected that this video or photo is for personal use and, therefore, professional type equipment, videoing or photographing multiple performances (i.e., an entire division, or every team from a gym) simply cannot be allowed.
